6:00 pm: Sarawak ikat weaving and batik demo

7:00 pm: Music and dance from Borneo and mainland Malaysia

The Neurosciences Institute, 10640 John Jay Hopkins Drive, La Jolla, CA.

General admission \$12, CWM members/students/seniors, \$6

info@centerforworldmusic.org / www.centerforworldmusic.org/concerts

A team of seven master musicians and artisans from Sarawak, Malaysian Borneo, will perform in seven US and three Canadian cities, commencing with our San Diego event. North Americans will for the first time be able to experience the unique and delicate music of the sape lute. Beautifully costumed dancers from the long house river cultures of Borneo will perform the traditional hornbill dance, which imitates the silent flight of that unusual and colorful bird through the rain forest. Traditional dances from mainland Malaysia, showing the mix of Chinese, Indian, Arab, and Malay cultures round out this unique program. The tour is sponsored by Tourism Malaysia, Malaysia Airlines, Sarawak Tourism Board, and North America Asean Consultants. See www.rainforestmusic-borneo.com/ramb/ for details

Don't miss the traditional textiles demonstration at 6 p.m. by a well-known Dayak ikat weaver and a batik maker, presented by Malaysia's leading expert. Refreshments will be available in the lobby.

DOOR PRIZE! Malaysia Airlines will give away a round-trip ticket to Malaysia to the holder of the lucky ticket stub, and other prizes will also be awarded at the concert.
